Definitions

- Where the word 'Trust' is used in this document it refers to The Elliot Foundation Academies Trust.
- Where the word 'Governing Body' is used it refers to the Local Governing Body of an individual academy within the Trust.
- Where appropriate the Local Governing Bodies of individual academies will publish details of the procedures and practices to implement Trust policies.

Definition of special educational needs (SEN)

- A pupil is considered to have special educational needs if he or she has defined learning difficulties.
- This may be because the child has a significantly greater difficulty in learning than the majority of children of the same age; or has a disability, which prevents or hinders them from making use of educational facilities of a kind generally provided for children of the same age in academies or maintained schools within an identified Local Authority.
- This policy aims to address the needs of those pupils who have learning difficulties or who may have difficulty accessing the curriculum because of their special educational needs.

Definition of disability

- Many pupils who have SEN may have a disability under the Equality Act 2010.
- This is described as 'a physical or mental impairment which has a long term and substantial adverse effect on their ability to carry out normal day to day activities. "Long Term" is described as a year or more and "substantial" is defined as "more than minor or trivial".
- This definition includes sensory impairment and medical conditions such as asthma, diabetes, epilepsy and cancer. Children with such conditions do not necessarily have SEN but there is a significant overlap between disabled children and those with SEN. Where a disabled child requires special educational provision they will also be covered by the SEN definition.

Elliot Foundation Academies Trust Vision and Values

Vision

The Elliot Foundation was created as a safe place for children and teachers where all are nurtured to achieve beyond even their own expectations. Our motto, "Where children believe they can because teachers know they can" reflects our conviction that raising expectations for all children and teachers is at the heart of a successful and inclusive society.

Values

For children

We help children to discover themselves and aspire beyond any limitations that their context might appear to place upon them. We help them understand that they can be, 'Heroes of their own lives' building the foundations for healthy and successful lives.

For schools

In addition to the essential functional skills of reading, writing and mathematics, children need to learn how to learn and to believe that they can continue to do so. They must also possess the critical thinking skills to sift fact from fiction to be able to think for themselves, freely and creatively.

For success

To thrive, whatever their chosen path, children need confidence, curiosity and commitment. We will nurture these attitudes across all their learning experiences

For communities

Children at Elliot schools will be raised with an awareness of the world around them and their role in shaping a better future through volunteering and contributing in their communities.

2.7. Education Health Care Plan (EHCP)

An EHCP is a legal document that sets out:

- A full description of the child's SEN along with health and social care needs

3. Partnership with parents, carers and pupils

3.1. The Trust believes that close working partnerships with parent/carers of pupils with SEN is essential if the learning process is to be maximised.

In keeping with the guidance contained in the SEND Code of Practice each academy aims to ensure that parents/carers are fully involved and consulted over their child's progress and SEN provision, including the drawing up of individual support plans.

Our academies value the importance of :

- Listening and talking together to make plans to successfully overcome barriers to learning
- Listening to pupils views and involving even the youngest child in the decisions that affect their future
- Identifying and celebrating pupil's strengths and successes inside and out of education
- Recognising the personal and emotional investment of parent/carers
- Supporting parent/carers understanding of SEND processes and helping them understand their child's entitlement
- Respecting different views
- Seeking constructive ways of reconciling different views
- Respecting the differing needs parent/carers may have themselves and offering information, advice and support
- Recognising the need for flexibility in the timing and structure of meetings

The academy will always seek parent/carer permission before making a referral to other agencies for support for their child except where this would endanger the child.
